Compassionate care for those experiencing loss

## 2016 Annual Report

### Mission

The mission of Fox Valley Hands of Hope, is to enhance the quality of life and to provide hope for those experiencing grief or life-threatening illness. Our professional staff and trained volunteers are community funded, allowing us to provide the best compassionate care, free of charge. Our programs are designed to provide support to adults, children, and families, regardless of age, income level, race or religious beliefs. We believe that every person in need should be given hope.
