Hands of Hope
Compassionate care for those experiencing loss

S.O.L.S.

Substance & Overdose Loss Support

S.O.L.S. is an 8-week support group for those who have experienced the death of someone they care about from substance use or overdose of any kind.

During the 8 weeks, we will focus on honoring, remembering, and making meaning of the loss by creating a kind and supportive environment where each person learns to carry their grief as they move forward.

Fox Valley Hands of Hope (FVHH) is a non-profit dedicated to providing expert support for children, youth, families, and adults who are experiencing grief from a death loss.

This program is supported in part by a generous grant from the Kane County Health Department.

There is no cost to receive any of our services.

S.O.L.S.

Substance & Overdose Loss Support

S.O.L.S. es un grupo de apoyo de 8 semanas para quienes han sufrido la pérdida de un ser querido por consumo de sustancias o sobredosis de cualquier tipo.

Durante las 8 semanas, nos centraremos en honrar, recordar y dar sentido a la pérdida, creando un ambiente cálido y de apoyo, en donde cada persona aprende a sobrellevar su duelo a medida que pase el tiempo.

FVHH es una organización sin fines de lucro dedicada a brindar apoyo especializado a niños, jóvenes, familias y adultos que están atravesando el duelo por una perdida dado a la muerte de un ser querido.

Este programa cuenta con el apoyo parcial de un generoso subsidio del Departamento de Salud del Condado de Kane.

Nuestros servicios son gratuitos. Haga clic aquí.
